

YOUR DATACENTER NEEDS YOUR HELP!

Date

Thu, 04/27/2017 - 12:00 - Sun, 04/30/2017 - 17:00

Address

CRONOS
33 Veldkant
2550 Kontich
Belgium

Help your datacenter lose that excessive operational complexity!

Accept the Datacenter Shape up challenge and reduce complexity, make operations invisible and delivery instant with the integrated Neoria datacenter 2.0 stack. During this seminar we will explain how Neoria can help you get your datacenter healthy again by leveraging the benefits from the public & private cloud while keeping it secure:

- Fractional consumption
- Continuous innovation
- On-click simplicity
- Rapid time to market
- Customizable SLA's for your workloads and data

Let us help you make your datacenter healthy again and win brand new running shoes to keep yourself healthy!
